MEMORANDUM FOR THE RECORD

25X1A9a

SUBJECT: Project RAINBOW
(Meeting with ██████████ /OSI)

25X1A9a
25X1A9a

1. On 26 July 1957, ██████████ and the undersigned met with ██████████ of the OSI Staff.

25X1A9a

2. ██████████ advised that he was heading a group from his staff which had been established by Dr. Seoville for the purpose of studying anti-radar possibilities. This group which was formed during the week of 15 July 1957 includes ██████████ and ██████████

3. According to ██████████ his group has been assigned the responsibility of conducting a comprehensive study of the anti-radar field for the purpose of obtaining much needed intelligence concerning the capabilities of the Soviet Union in this field. This study stemmed from a suggestion by ██████████ in a letter to Dr. Seoville.

25X1A9a

4. ██████████ stated that when briefed on Project RAINBOW by Dr. Seoville he was informed that this Project had made considerable progress in this field, with a high degree of success.

5. ██████████ was informed by ██████████ that we had experienced only a measured success and that further research was still necessary to determine if a breakthrough of the problem has been made. Mr. ██████████ was further advised that he would have to acquire knowledge of the techniques involved gradually and under our terms.

25X1A9a

6. Arrangements were made for ██████████ to meet with ██████████ in Washington during the week of 29 July.

7. No further information was furnished ██████████ at this time.
